“The sole responsibility for the content of this publication lies with the IMPAWATT project consortium. It does not necessarily reflect the opinion of the European Union. Neither EASME nor the European Commission are responsible for any use that may be made of the information contained therein”.

We have produced a Flyer which aims to present in advance the Energy Platforms which will be available as from June 2019. This flyer will be translated by each partner in their own language and personalized concerning the contacts details. It may then be disseminated by Email distributed during meeting, etc.

As a complement, we also produced a PowerPoint presentation which presents in more detail the content of the Energy Platform.

Additional information to v2 of the deliverable (16.12.2019):

Since the platform is now functional and available to users, the documents have been adapted accordingly. A second flyer was produced, focusing on the platform promotion. It is added to the present deliverable.

Accompanying documents:

1. IMPAWATT flyer in English to promote the IMPAWATT project: this new version is updated to be used during the companies' recruitment period
2. Flyer platform IMPAWATT: to promote the IMPAWATT platform
3. IMPAWATT presentation in English to promote the IMPAWATT platform
